

ANCIENT IFIELD

Immediately to the north of the church is what we now refer to as the Ifield Barn Theatre but this was originally the tithe barn for the parish. The barn was built in the 13th or 14th century, being reconfigured to the structure we see today in the 16th century, with the stable block being added during the early 20th Century.

The Ifield Barn Theatre Society was founded in 1968 and set about restoring the dilapidated barn. Since becoming a theatre, the barn has been maintained by voluntary donations and the unpaid efforts of its members.
